

Year 9 Parent Payment Arrangements 2025

Dear Parent/Carers,

Vermont Secondary College is looking forward to a great year of learning and teaching and we would like to advise you of Vermont Secondary College's voluntary financial contributions for 2025.

State schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that your contributions are voluntary.

Nevertheless, the ongoing support of our families ensures that our college can offer the best possible education and support for our students that far exceeds the standard curriculum offerings.

Whilst the State Government provide a substantial amount of the college's funding, it is not always sufficient to meet all the costs incurred to allow us to provide the broad curriculum offered. Our curriculum offers students significant subject choices, equipment, and full access to a wide range of materials. Therefore, we do rely on your contributions to maintain our other quality programs such as our Mentor program, additional well-being programs, sick bay staff and consumables. We want to thank you in advance, as without your assistance, our programs would need to be significantly altered or reduced.

For further information on the Department's Parent Payments Policy, please see a one-page overview attached.

Yours sincerely,
